LOT 307 - New SKIL Twist 2.0 4-Volt Rechargeable Screwdriver W/ 3-Torque Settings, LED Light & 35-Piece Bit Kit.

Description

From assembling furniture and toys to tightening screws in hard-to-reach cabinets, get small jobs and repairs done quickly and comfortably with the SKIL 4V Rechargeable Screwdriver with 35-Piece Bit Kit.

This ergonomic electric screwdriver features a patent-pending pivoting head that locks between three positions—0, 22.5, and 45 degrees—for improved comfort in tight spaces. It features three torque settings that allow you to adapt to the application at hand. Its trigger button is conveniently located for easy one-finger use, and its bright LED lights up dark spaces.

The cordless screwdriver's integrated battery features a USB-C charging port with included cable for convenient recharging. This cordless electric screwdriver kit comes with a 35-piece set of commonly used bits including (32) 1" bits, (2) 2" slim bits, and a 2-3/8" magnetic bit holder.
